PROFESSIONAL SUMMARY

Oracle and Red Hat certified Computer Science student (**CGPA: 9.03**) with a strong foundation in scalable full-stack development and applied AI/ML. Proven track record in architecting production-ready applications (**Ghuumo**) and researching medical imaging models (**97.6% accuracy**) with a **Springer** accepted publication. Actively seeking **Software Engineering** internship opportunities to leverage expertise in **Java, Node.js, Python**, and Cloud Infrastructure.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering,
Kalinga Institute of Industrial Technology (KIIT)
CGPA: 9.03 / 10

2023 – 2027
Odisha, India

PUBLICATIONS

Biswas, S., et al. “**Cascading Self-Attention Funnel (CSAF): A Lightweight Deep Architecture for Brain Tumor Classification from MRI.**” Accepted at **SCI-2026 International Conference**, Swinburne University, Hanoi, Vietnam. To appear in **Springer Lecture Notes in Networks and Systems (LNNS)**, 2026.

2026

PROJECTS & RESEARCH EXPERIENCE

Ghuumo – Location-Based Travel & Listing Platform

09/2025 – 12/2025

GitHub : <https://github.com/SuvayuBiswas/ghuumo>

- **Full-Stack Architecture:** Developed a scalable web application using **Node.js** and **Express.js**, utilizing **EJS** for server-side templating to ensure fast initial page loads and SEO friendliness.
- **Geospatial Integration:** Integrated **Leaflet.js** and **OpenStreetMap** to render interactive maps, enabling users to pinpoint travel locations and view dynamic clustering of destinations.
- **Database & Schema:** Engineered a flexible NoSQL data model using **MongoDB** and **Mongoose**, handling complex relationships between users, campgrounds, and reviews.
- **Security & Auth:** Implemented robust authentication and session management using **Passport.js**, secured sensitive API keys with **Dotenv**, and sanitized inputs to prevent NoSQL injection.
- **UI/UX Design:** Built a fully responsive, mobile-first interface using **Bootstrap 5**, ensuring consistent layout and usability across all device sizes.
- **Tech Stack:** Node.js, Express, MongoDB, Passport.js, Leaflet.js, Bootstrap.

Cascading Self-Attention Funnel (CSAF) — Brain Tumor Classification Model,

06/2025 – 03/2026

Research Project | Accepted at SCI-2026 (Springer LNNS)

- **Model Innovation:** Architected a novel **lightweight deep learning model** utilizing a cascading self-attention mechanism to prioritize relevant tumor features while suppressing background noise.
- **Performance Optimization:** Achieved a **97.6% accuracy** and **99.67% recall** on the BRISC2025 dataset, outperforming standard heavy-weight CNN baselines (like ResNet) while using **<67K parameters**.
- **Resource Efficiency:** Optimized the model for deployment in resource-constrained environments (edge devices) by implementing aggressive **down-sampling** and attention funnels.
- **Research Impact:** The proposed CSAF architecture and experimental findings led to a peer-reviewed publication accepted at SCI-2026 (Springer LNNS).
- **Tech Stack:** Python, PyTorch, NumPy, Deep Learning, CNNs, Attention Mechanisms

Personal Developer Portfolio

12/2025 – 12/2025

GitHub : <https://github.com/SuvayuBiswas/suvayu.me>

- Designed and deployed a responsive portfolio to showcase projects, research, and skills.

TECHNICAL SKILLS

Programming Languages

JavaScript (ES6+), Python, Java, SQL, C

Frontend

HTML5, CSS3, Bootstrap, EJS, Responsive Design, DOM Manipulation, React.js

AI/ML

PyTorch, TensorFlow/Keras, CNNs, Attention Mechanisms, Data Preprocessing

Backend & Database

Node.js, Express.js, MongoDB, Mongoose, RESTful APIs

Core CS Concepts

OOP, DSA, API Integration, Data Validation, System Design

Cloud & DevOps

Oracle Cloud (OCI), AWS, Linux/Bash (RHEL), Git, GitHub

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 - Certified Architect Associate
- Oracle Cloud Infrastructure 2025 - Certified Generative AI Professional
- AWS Academy Graduate - Cloud Foundations, Amazon Web Services
- Red Hat System Administration I (RH124 - RHA) - Ver. 9.3
- JavaScript Algorithms and Data Structures - freeCodeCamp
- Responsive Web Design - freeCodeCamp
